

Indicating Oxygen Traps

Tomopal Part #	Description	Capacity	Fittings
176-0250	Indicating Oxygen Trap	200 ft ³	1/4"
176-0125	Indicating Oxygen Trap	200 ft ³	1/8"

Features:

- Heavy walled inner glass tube of catalyst is protected by the outer plastic tube from accidental breakage
- Trap is delivered in the active state and filled with helium
- Indicator changes in color while oxygen is trapped
- No more calculating or guess work about when to change
- Change purifier when indicator turns from light green to gray
- The trap is environmentally safe
- Primarily designed for applications involving gas chromatography

Specifications:

Capacity:	200 ft ³	5.67 m ³	Maximum Pressure:	100 psi
Length:	10.25"	26 cm	Maximum Temperature:	100° F (37.8° C)
Oxygen Removing Capacity:	40 cc	40 ml	Remove Oxygen:	to 10 ppb
Shipping Weight:	2.0 lbs	0.91 kg	Fitting Finish:	Nickel-plated Brass
Shipping Dimensions:	13 x 3 x 3"	33 x 7.6 x 7.6 cm
